presents

do it yourself animation workshop

10am-2ish pm
Saturday,
Feb 28, 2009

Terrace Public Library
4610 Park Avenue
Cost \$5

During this fun workshop, guest filmmaker Alex Rogalski and Cara Morton will be teaching the basics of different classical (*ie. non-digital*) animation styles such as cell animation, stop motion, sand, rotoscoping and direct animation (*drawing on film*).

Supplies and instruction will be provided for each participant to complete a short film strip using "direct animation" techniques.

Direct animation is a completely "hands on" approach to filmmaking!

You can draw, paint, doodle, scratch, write or even type directly onto film and then watch it projected on screen!

Suitable for 5-105 year olds!

To register:
email film@shutter2think.ca
or call Cara 250 638-7268
